Summary

The house was previously a 3-bedroom 1-bathroom upstairs house. Now it has been transformed into a 5-bedroom 2-bathroom house.

Interior

- New tiles in the newly constructed bedrooms
- Installed fittings, lights and fans where required
- Existing bedroom doors repainted and new entrance set fitted
- New screens and louvre galleries fitted throughout the entire house

Exterior

- The house received plumbing upgrades and a new septic overflow pit with realm drain
- New doors fitted to front and rear entrances upstairs
- New deck installed upstairs over the new rooms to protect against the weather
- Screen on all windows was replaced both up and down stairs
- New set of stair treads added to the rear of the house

Some of the major works performed included:

- Construction of two new bedrooms and a new bathroom/laundry downstairs
- New windows and screens fitted to new rooms
- All new bathroom fixtures and plumbing
- New deck section upstairs
- New louvre galleries and louvres fitted throughout
- New purlins fitted above bathroom ceiling
- New doors and entrance sets throughout entire house
- Switchboard upgrade and new electrical fittings and wiring downstairs

Some of the major works performed included:

- New decking installed at the rear of the house
- New wall sheeting to protect the rooms against the elements
- Purlin replacement for new wall cladding
- New shaving cabinet installed upstairs
- New ball valve taps to main water supply to the house
- Floor raised in existing laundry to comply with plumbing specifications
- Air conditioner support instead of milk crate
- New post sections welded in for support of house structure
