### **Project Summary – House 1**

Bullant Building have completed the housing upgrade works to House 1 at Ngankiritja on behalf of the NT Territory, Families, Housing and Communities.

All works have been completed in accordance with the scope, and the final product has been delivered to the high standards expected by the NT Government.

The work commenced on October 8, 2024, and was completed on October 30, 2024, adhering to the four-week refurbishment timeframe for the house.

Bullant Building achieved a 32% indigenous employment rate on this project and a 100% Northern Territorian employment.

Bullant Building was engaged to deliver the following scope of works for House 1 at Ngankiritja Homelands under agreement WDHH00004 for housing upgrades in the Western Desert Homelands region. This community was not part of the original works, but due to the project management between the Northern Territory Government and Bullant Building it was possible to add this community to the current budget.

The completed scope of works includes:

**Site establishment:**

- Yard clean and cleared from all debris – stockpiled in fenced off area to be disposed at Haasts Bluff dump site
- Area was enclosed by the fence at the house with proper signage displayed to safeguard public
- Isolation of power to house for cleaning entire house and reconnection of power after completion of works

**Demolition**

- Stripping and removal of all electrical fittings as per scope of works
- Removal and disposal of all windows, doors and fixtures as per scope of works
- Pressure clean entire house and scrub required areas

**Bathroom**

- Prepare and paint all surfaces
- Replace taps, toilet roll holder and shower fittings
