1. Project Summary

House 14, Arlparra Homeland

The Homelands Housing and Infrastructure Program (HHIP), managed through the Department of Territory Families, Housing and Communities (TFHC) is a program funded by the Australian Government of which is focused on improving the living conditions in Homelands to ensure residents have access to safe, secure and quality housing and infrastructure suitable to their needs.

AEA NT have completed the approved scope of works at House 14, Arlparra Homeland delivering a quality final product which was handed back to the primary residents who now have improved access to the 9 Healthy Living Practices.

The construction works at House 14, Arlparra Homeland commenced on the 5th of May 2025 and were completed on the 10th of July 2025 representing a ten (10) week works program.

The total labour hours expended on this project included 28% participation by Aboriginal staff and/or sub-contractors.

2. Scope of Works

2.1 Kitchen & Living

- Install 2 x new 920 door frames, solid core doors including entrance locksets (keyed alike with other external doors), door saver plates, weather seals, and door stops
- Install 2 x new windows, screens and flashings
- Install curtain rod holders above 1 x living area window only (holders only NO rods)
- Supply and install new RAC hatch provision in existing wall
- Install insulation batts in wall/ceiling cavity where access permits
- Repair/service and pressure clean existing stainless-steel kitchen benches
- Install new flick mixer to existing sink
- Install new stainless-steel splash back around kitchen bench area
- Install new stainless-steel utensils draw to underside of existing kitchen bench
- Clean existing single door steel mesh pantry
- Patch, prepare and paint all surfaces (walls, ceiling, door frames, doors and window surrounds)
- Grind concrete floor ready for covering
- Prepare, tile and grout floor surfaces
- Install new electrical components including stove and isolator (relocate stove power supply and isolator to beside kitchen bench), lights, light switches, ceiling fan, fan switch, power points (including new power point near RAC hatch provision in living area), and smoke alarm.

2.2 Bedrooms

Bedroom 1

- Install 1 x new door frame, solid core door including privacy lockset and door stop
- Install 1 x new window, screen and flashings
- Remove Window to back Veranda frame and sheet including patching for retro fit AC.
- Install curtain rod holders above window (holders only NO rods)
- Supply and install new RAC hatch provision in existing wall
- Install insulation batts in wall/ceiling cavity where access permits
- Patch, prepare and paint all surfaces (walls, ceiling, door and window frames)
- Grind concrete floor ready for covering
- Prepare, tile and grout floor surfaces
- Supply and install new single door steel mesh wardrobe
- Install new electrical components including light, light switch, ceiling fan, fan switch, power points (including new power point near RAC hatch provision)
- Paint touchups

Bedroom 2

- Install 1 x new door frame, solid core door including privacy lockset and door stop
- Install 1 x new window, screen and flashings
- Install curtain rod holders above window (holders only NO rods)
- Supply and install new RAC hatch provision in existing wall
- Install insulation batts in wall/ceiling cavity where access permits
- Patch, prepare and paint all surfaces (walls, ceiling, door and window frames)
- Grind concrete floor ready for covering
- Prepare, tile and grout floor surfaces
- Supply and install new single door steel mesh wardrobe
- Install new electrical components including light, light switch, ceiling fan, fan switch, power points (including new power point near RAC hatch provision)
- Paint touchups

2.3 Bathroom & Toilet Works

Bathroom & Toilet Area

- Remove shower tray/bath and remove sheet metal wall cladding in shower area
- Install 900mm nib wall between shower and toilet
- Reline shower walls with 9mm villa board
- Waterproof wet area walls and floor
