

Remote Rent Updates

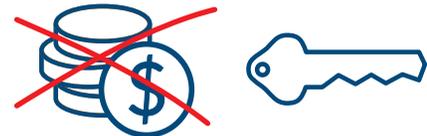

The new remote rent rate will be based on how big your house is.

You will not pay more than \$280 per week.

You will no longer pay a house bond.

You must take care of your house or you will be charged to fix it.

You must pay your rent on time.

If you cannot afford to pay rent, the housing mob will help work out what to do.

If you have any worries, talk to your local housing office.
